OFFICE OF LEGISLATIVE COUNSEL

Monday - 31 August 1964

1. [redacted] Met with Mr. John Martin, Assistant Chief Counsel, House Ways and Means Committee, who advised that no further meetings of the Committee are scheduled. However, should it appear that the House will be continuing in session some three or four weeks, such a meeting would be a possibility. In the event of a meeting there are between 40 and 50 miscellaneous type bills pending and all departments involved would probably be requested to provide necessary supporting information. However, the clearance of so large a docket would appear to ensure no further action by the House. It was the sense of our discussion that consideration be given, after the retirement bill is reported by the Senate Committee, at approaching the chairman directly at that time in order that we might get a leg up for next year.

6. [] Met with Mr. Ed Braswell, Professional Staff Member, Senate Armed Services Committee, and discussed with him the Agency retirement bill. Mr. Braswell indicates that he has not seen the Senator since our last meeting with him. No date has been scheduled for a committee meeting although there is some possibility that the committee might meet at the end of this week. Mr. Braswell will keep me advised of any changes between now and the time of the committee hearing, and we plan to meet briefly on Wednesday looking to the possibility of a Thursday meeting with the committee.

8. [] John Hayward in the office of Senator Howard Cannon indicated that the Senator had received information to the effect that AEC people had taken the position that if money could be made available to hard surface the road that they would not be adverse to the surfacing. Hayward, for the Senator, was inquiring if in fact there had been a change of position. After looking into the matter, Hayward was advised that the letter they had received on 31 July from General Corbin of Air Force L&L still remained the basic position and that there had not been a change. Mr. Hayward thanked me for this and said he would so advise the Senator.
